

'People are like stained-glass windows.  
They sparkle and shine when the sun is out,  
But when the darkness sets in....  
Their true beauty is revealed only if there is light from within'

- Elizabeth Kubler-Ross

## Mother General's Welcome Show

On the 7<sup>th</sup> of March 2005 we had the privilege of entertaining Mother General, Sr. Aurora, and her companions in our main school branch in celebration of their visit to Pakistan. All

classes participated in the colourful activities, the energetic aerobics of Kindergarten and the juniors, the incredibly coordinated march past by the senior section, the beautiful peacock dance of the Urdu Section girls to the spirited skit performances of the Theve-

net Centre's Special children. Finally, the Sisters were taken on a tour of Pakistan as the seniors performed vibrant cultural dances and later invited the guests to traditionally decorated stalls.

## The Art & Craft Annual Exhibition

The Primary and Junior Sections held their Art and Craft Annual Exhibition on April 15<sup>th</sup> and 16<sup>th</sup> respectively. The exhibition continued the following week allowing those parents to come and see the exhibition who were not able to see it on the opening.

The K.G. corridor was ablaze with colourful artwork of the children hanging on the walls on either side of the corridor. The craftwork was displayed in the Playroom in a myriad of colourful and intricate items creatively woven out of ordinary and simple objects. The event Centre too, proudly dis-

played their Art and Craft work near the Chapel. The Junior Section exhibited their art and craft work along the Junior School corridors and in their multi-purpose room.

Parents were greatly impressed by the tremendous effort of both teacher and child and praised all who worked to make it a success. One of the parents wrote, "I congratulate the teachers for such a remarkable exhibition-the way they have unfolded young talents and guided and helped the energetic young minds to show their abilities and creativity. It not only

gives confidence to the young ones but also motivates them to adopt the same in their overall attitudes."

Another parent wrote, "This grand display is an outcome of great and continuous hard work. Whenever preference is given to art and creativity it means a very beautiful human being is still alive inside us."

We thank all the art and craft teachers for their preparation and organization of this exhibition and in unfolding and encouraging the child's creativity and

### Class 4 Trip

An excited Class 4 clambered onto the buses to visit the Yummy Ice-cream Factory on April the 19<sup>th</sup>, 2005. Accompanied by their teachers the girls, in groups of 30, took a round of the factory. The different stages of ice-cream production were elucidated to the young ice-cream lovers. A surprise treat awaited them at the end of their visit.

### Class 5's 'Valuable' Trip to the Pakistan Mint

All the three sections of class 5 went to the Pakistan Mint for their annual educational trip. They saw the whole process of coin making, from the raw material to the finished coins of Rupees 1, 2 and 5. They also saw a collection of Pakistan coins that have been in use since the creation of Pakistan.

The medal department was also an interesting place. Here the civil and military awards and medals given by the government are prepared. The full range of these medals was on display and the children showed great interest in looking at them.

The security was very tight at the mint. Everyone was asked to leave their belongings outside and to empty out their pockets before entering the mint as well as before leaving it. Everyone was made to pass through metal detectors.

After an enjoyable meal the trip ended on a happy note!

## Presentations and exhibition of group projects in various fields of science. Class 6 students.

Sr. Pilar inaugurated the exhibition and after listening to the presentations along with the judges, awarded school souvenirs to the participants.
